10. [ ] After conferring with [ ]  
[ ] DDP/SAO, I returned [ ] call concerning Senator  
Robert Kennedy's proposed visit to the University of Sao Paulo Law  
School, Brazil, scheduled for 21 November. [ ] noted that the  
Ambassador has suggested that an appearance by the Senator is not  
recommended. [ ] specific request covered two points. One,  
any history of incidents of student disturbances at the University of  
Sao Paulo or other Brazilian Universities, as it is the impression of the  
Senator's office that the Brazilian schools have a better reputation in this  
matter than other schools in other Latin American countries. The second  
point was information concerning the composition, Communist or what-  
ever, of the student body and faculty of the University. In brief, I advised  
[ ] that the vocal politically active elements of the Universities is  
leftist but that this does not necessarily reflect the views of the student  
body as a whole. As to disturbances at the University, I confirmed their  
feeling that Brazilian schools are not noted for disturbances and advised  
that a quick check did not reveal any specific instances at the University  
of Sao Paulo. I noted that it is our understanding that the advice provided  
by the Ambassador has resulted from current reports to the Ambassador  
of possible disturbances. In response to [ ] query concerning  
these reports, I advised that I did not know the substance of the report  
but that we would have to assume that they had been sufficient for the  
Ambassador in making his recommendation. [ ] in turn, specu-  
lated that it might be necessary for their office to go back to the Ambassa-  
dor in attempting to ascertain the context of the report since the matter of  
the change is a cause for some concern. During the conversation, [ ]  
[ ] referred back to the original briefing by three Agency officers and  
noted again, as [ ] did during the week, how very helpful the  
Agency and its people have been in providing information to the Senator  
for this trip. I have no doubt that as further questions arise, further  
calls will be received from the Senator's office.

11. [ ] Met with Mrs. Marie Hershey,  
Administrative Assistant to Representative Harold R. Collier, concerning  
the various items of correspondence recieved from [ ]  
[ ] Mrs. Hershey advised that she was just back from  
vacation and had not had time to put herself up to date on this matter. I  
will meet with her during the week and provide a suggested draft response  
for the Congressman's use.
